

EXPERIENCE

WHIPSAW / INDUSTRIAL DESIGNER

March 2015 – Present / San Jose, CA, USA

Project management for consumer electronic and medical devices to create functional and appealing product systems. Evaluation of marketing values and discussing user needs. Involved in the full design process from a high level approach and focused on the development of design languages for product families.

WHIPSAW / INDUSTRIAL DESIGN INTERN

July - August 2013 / San Jose, CA, USA

Working on top level consumer electronics projects for Dropcam, AVAYA, Netgear, Arris, Aristocrat, Bobrick and Eton. Involved in the full design process from research to ideation, sketching, model making, CAD surfacing and rendering.

SKETCHLEY / INDUSTRIAL DESIGNER

May 2012 - March 2015 / Duisburg

Leading the design division of this startup company specialized on high end golf accessory. Close collaboration with engineers on multiple projects. I was responsible for design ideation, CAD surfacing, prototype building and testing.

KONINGS AND KAPPELHOFF / INDUSTRIAL DESIGN INTERN

April 2012 - August 2012 (6 months) Amsterdam

Focused on child and baby products. I was involved in research to initial CAD surfacing and rendering, participation in client meetings and communication of the interaction of the products via storyboards.

:ECHTFORM / INDUSTRIAL DESIGN INTERN

October – December 2007 (4 months) / Rösraht

First deep dive into the professional design world. Trained in sketching and CAD surfacing.
